Northern University of Business and Technology, Khulna

Department of Computer Science and Engineering

CSE 4104 – Software Development III

TEAM INFORMATION SHEET

Team Name	CSE4104-7B-T02
Section	7B
Project Title	Khabar Bondhu (KindMeal)
Team Leader Name	Rajorshi Roy
Team Leader ID	11230121103
GitHub Repository Name	cse4104-7b-t02-khabar-bondhu
GitHub Repository Link	https://github.com/raz000007/cse4104-7b-t02-khabar-bondhu.git

Member Names and Student IDs

No.	Name	Student ID	Role
1	Rajorshi Roy	11230121103	Team Leader
2	Bushrat Jahan Rafa	11230321259	Member
3	Farhana Akter Ela	11230321257	Member
4	Maiesha Anjum	11230321275	Member

Project Summary

Khabar Bondhu (KindMeal) is an AI-powered web platform that rescues safe surplus food, connects it with verified institutions such as small madrasas and orphanages, and lets busy donors give with transparent reporting. Its core AI features are OCR-based expiry-date detection with safety flags, smart donor-to-institution matching, and a Bangla chatbot.
